

WHEN THE U.S. NAVY TRANSPORTS ASSAULT VEHICLES, LANDING CRAFT, AND AIRCRAFT TO TROUBLE SPOTS AROUND THE WORLD, FAILURE IS NOT AN OPTION.

No wonder they rely on the only gearbox manufacturer in the world to offer a 5-year standard warranty.

Over 96 percent of the ships in the U.S. Navy's fleet trust gearboxes from Philadelphia Gear. The Navy depends on us for the same reason you should: our gearboxes have been performing reliably in critical environments for over 100 years.

Now, we're backing every new enclosed drive we sell with an *unprecedented 5-year Warranty*. That means, in the unlikely event that one of our gearboxes does require service due to defect, we'll repair it *fast* and cover 100% of our labor and material expense.

It's just another reason that Philadelphia Gear is the smartest, most reliable gearbox investment you can make.
